EQUINE HEALTH &  
NUTRITION CONGRESS

# 10th EEHNC Programme

**Thursday, 25th of March 2021**

Note that all times mentioned are CET (Central European Time).

## 10th EEHNC day 1: Fiber First!

- |               |  |
|---------------|--|
| 13:30 - 14:00 | All aboard! Check who's there and connect!   |
| 14:00 - 14:15 | Welcome & start virtual congress   |
| 14:15 - 15:00 | How much forage does a horse need, and can we feed forage only diets without any supplementation?<br><b>Pat Harris -Waltham Centre for Pet Nutrition</b>                 |
| 15:00 - 15:20 | Amount of conserved forage fed to horses: is there a problem?<br><b>Myriam Hesta - Ghent University</b>  |
| 15:20 - 15:40 | Q & A  |
| 15:40 - 15:55 | Short break  |
| 15:55 - 16:30 | General considerations for forage & pasture management: What factors affect the nutrient content of pasture & forage?<br><b>Karst Brolsma - Eurofins Agro Wageningen</b> |
| 16:30 - 16:45 | Q & A  |

- 16:45 - 17:00 Short break
- 17:00 - 17:40 Pasture intakes by horses and ponies: management and control  
**Annette Longland - ELNS**
- 17:40 - 18:15 Q & A with multidisciplinary experts  
**Meriel Moore-Colyer; Cecilia Müller; Emanuela Valle; Ellen Roelfsema**
- 18:15 Virtual coffee tables

## Friday, 26th of March 2021

Note that all times mentioned are CET (Central European Time).

### 10th EEHNC day 2: Grazing, parasite control & nutritional strategies

- 13:30 - 14:00 All aboard! Check who's there and connect!
- 14:00 - 14:15 Welcome & start virtual congress
- 14:15 - 15:00 Parasite control: introduction to several (diagnostic) systems  
**Edwin Claerebout - Ghent University**
- 15:00 - 15:25 Q & A
- 15:25 - 15:40 Short break
- 15:40 - 16:15 Parasite control & grazing systems for horses: The North-Western European perspective  
**Deborah van Doorn - Utrecht University**
- 16:15 - 16:35 Parasite control & grazing systems for horses: The Southern-European perspective  
**Aránzazu Meana Manes - University Complutense of Madrid**

16:35 - 16:50 Q & A

16:50 - 17:05 Short break

**Discussion: Are there nutritional strategies for parasite control?**

17:05 - 17:30 Strategies relying on biological agents to prevent parasite infection  
**Adolfo Paz-Silva - University of Santiago de Compostela**

17:30 - 17:50 The potential of selected plant secondary components to control parasites in horses; a nutritionist perspective  
**Wilbert Pellikaan - Wageningen University**

17:50 - 18:30 Q & A with multidisciplinary experts  
**Meriel Moore-Colyer; Emanuela Valle; Ellen Roelfsema**

18:30 Virtual coffee tables

## Thursday, 30th of September 2021

The exact date mentioned has been scheduled but potentially subject to small changes as it is quite far in the future. Note that all times mentioned are CET (Central European Time).

**Post-10th EEHNC session I: Moulds, mycotoxins & atypical myopathy**

13:30 - 14:00 All aboard! Check who's there and connect!

14:00 - 14:15 Welcome & start virtual congress

14:15 - 15:00	Moulds and mycotoxins in wrapped forages for horses: can we not only analyze the hygienic quality but also prevent the presence of moulds and mycotoxins? <b>Cecilia Müller - Swedish University of Agricultural Sciences</b>
15:00 - 15:30	Q & A
15:30 - 16:00	Short break
16:00 - 16:45	Prevention strategies to reduce the risk of atypical myopathy resulting from sycamore intoxication <b>Dominique Votion - University of Liège</b>
16:45 - 17:15	Questions & multidisciplinary panel discussion with experts <b>Meriel Moore-Colyer; Emmanuelle van Erck; Emanuela Valle</b>
18:30	Virtual coffee tables

## Thursday, 24th of March 2022

The exact date mentioned has been scheduled but potentially subject to small changes as it is quite far in the future. Note that all times mentioned are CET (Central European Time).

### Post-10th EEHNC follow-up session II: Fiber intake, fermentation & dental condition

13:30 - 14:00	All aboard! Check who's there and connect!
14:00 - 14:15	Welcome & start virtual congress
14:15 - 15:00	Fiber intake & fermentation in horses and other herbivores: a comparative approach <b>Marcus Clauss - Clinic for Zoo Animals, Exotic Pets and Wildlife Vetsuisse Faculty, University of Zurich</b>
15:00 - 15:30	Q & A

- 15:30 - 16:00 Short break
- 16:00 - 16:45 Is there a relation between nutrition & dental condition or the other way around?  
**Lieven Vlaminck - Ghent University**
- 16:45 - 17:30 Questions & multidisciplinary panel discussion with experts  
**Richard Ducatelle; Geert Janssens; Meriel Moore-Colyer; Emanuela Valle**
- 17:30 Virtual coffee tables

## Thursday, 29th of September 2022

The exact date mentioned has been scheduled but potentially subject to small changes as it is quite far in the future. Note that all times mentioned are CET (Central European Time).

### Post-10th EEHNC speaker session III: Equine gastric ulcer syndrome & nutritional management

- 13:30 - 14:00 All aboard! Check who's there and connect!
- 14:00 - 14:15 Welcome & start virtual congress
- 14:15 - 15:00 Feeding strategies in horses with stomach ulcers and what feed additives or supplements might play a role in prevention?  
**Frank Andrews - Louisiana State University**
- 15:00 - 15:30 Q & A
- 15:30 - 16:00 Short break
- 16:00 - 17:30 Session and speaker to be confirmed
- 18:30 Virtual coffee tables
